

```
*****;
*   Activity 2.08
*   1) If necessary, update the path of the course files
*       in the LIBNAME statement.
*   2) Complete the PROC CONTENTS step to read the parks
*       table in the NP library.
*   3) Complete the LIBNAME statement to clear the NP
*       library.
*   4) Run the program and examine the log. Which column
*       names were modified to follow SAS naming
*       conventions?
