

```
*****;  
*   Activity 5.06                                     *;  
*   1) Add options to include N (count), MEAN, and MIN *;  
*       statistics. Round each statistic to the nearest *;  
*       integer.                                         *;  
*   2) Add a CLASS statement to group the data by Season *;  
*       and Ocean. Run the program.                     *;  
*   3) Modify the program to add the WAYS statement so *;  
*       that separate reports are created for Season and *;  
*       Ocean statistics. Run the program.               *;  
*       Which ocean had the lowest mean for minimum    *;  
*       pressure?                                       *;  
*       Which season had the lowest mean for minimum   *;  
*       pressure?                                       *;  
*****;
```

```
proc means data=pg1.storm_final;  
  var MinPressure;  
  where Season >=2010;  
run;
